A SEA OF GREEN

The Market Gardener Is Encouraged by the Vigorous Growth The Vegetables Make.

JANUARY MARKET IS NOW ON.

The alarming weather forecast by the Department as found in Wednesday's Daily News had the truckers looking a little serious for a few hours last night but the wind should cease to come from the ocean and veer to the northwest.

No one fears a north wind as that comes quartering from the ocean. However frigid the winds heading this way if they come in via the North they are impotent to do execution with the vegetable world.

The cardinal points are clearly indicated by pointers on the fire bell tower, Beach street, near entrance to South Bridge. Watch that pointer and when the wind sweeps directly down Beach street it is time to have a care for your tender plants. That's a nor'wester.

The heavy rains of the late summer had a drowning effect upon the truck patches, but the ideal weather which has prevailed now for some time has brought the trucking interest decidedly to the fore and a wheel, a spin or a stroll out Second avenue will reveal a sea of green most pleasing to the eye.

The chief gardener perhaps of the Second avenue district is J. W. Ball. It was at his place that a Daily News representative happened to drop in, attracted by the varied sea of green. Here were acre upon acre of the general run of vegetables—beets, beans, cabbages, cauliflower, lettuce, leeks, onions, oyster plants, radishes, rutabagas, celery, cress, spinach, Swiss chard, and then the list is only a partial one. Sweet corn grows splendidly, and the market demand will quickly absorb the supply.

In the absence of Mr. Ball, Mrs. Ball graciously talked of the trucking situation and outlook, both of which were pronounced good. Indeed, she said they are now having a January local demand. This would augur an unprecedented local demand for the season, and would indicate that there are now considerably more people in Daytona than usual at this time of the year.

It is yet a little early to begin shipments to the distant markets. A month later, and the Northern shipments will be at their best.

One of the interesting things at the Ball place was a six-acre peach orchard, composing a few of the choicest varieties which flourish on Florida soil. They were largely Crawford, Honey, Peen-to and Jewels, and many of the trees now have a decided show of blossoms. Think of that, you ice-bound denizens of the North!

Jas. H. Johnson and Sons had a large force of men at work out the avenue clearing ground which they purpose setting largely to lettuce and celery.

The trucking industry is looking up. It is destined to assume important proportions, and at no very distant day.

The stiff wind interspersed with rain squalls was the cause of motor cars remaining in garages Thursday.

Wild ducks are learning the protection afforded by keeping within the city limits and may be seen bobbing on the waves close in shore.

MAJ. HENDRICKS SLEEPS IN PINWOOD.

Tenderly Laid to Rest By Halifax Lodge No. 81, Free and Accepted Masons.

FUNERAL CONCOURSE LAGRE.

The last sad funeral rites were paid the departed merchant Wednesday afternoon, Halifax lodge of Free and Accepted Masons conducting the services at the residence and at the grave. A large number of sorrowing friends joined in paying the last tribute to the character and worth of Major J. A. Hendricks, following the remains to the grave in Pinewood Cemetery.

The Masonic ritual, beautiful and impressive, was used, and the Rev. D. H. Rutter, of the Methodist Episcopal church, assisted.

Mrs. C. C. Bohannon and Mrs. M. B. Church sang sweetly and tenderly "Yea, tho' I walk through the Valley of Death."

The service was read by Worshipful Master G. B. Seaman, prayer following by Brother Rutter.

The active pall bearers were E. A. Richards, G. H. Clark, S. H. Gove, W. G. Williamson, Jacob Espedahl and S. W. Carroll.

Honorary pall bearers were D. D. Rogers, W. W. Foltz, Laurence Thompson, Otto Wehner, F. T. Peck, J. W. Shields and Leon Despland.

The sorrowing widow and daughter, the only child, have the sympathy of many friends in this their adopted city.

THE LEVEES HAVE BEEN DYNAMITED.

The Situation at Pine Bluff, Arkansas, Somewhat Improved. ---The Flood ss Curbed.

[By United Press.] PINE BLUFF, Ark., Dec. 3.—The flood was curbed last night by dynamiting the levee, which turned the current toward this city. Hope is entertained today for the first time, but serious danger, however, still threatens costly buildings, which are being undermined by the water, and may yet collapse.

TOURIST TRAVEL GREATLY ON INCREASE

The Stiff "Norther" New Raging Means Blizzards in the North. —Welcome Here.

THE RAILROADS ARE BUSY.

Daytona has a strong voice in the prosperity chorus now being sung by the cities of Florida, the East Coast in particular. The season is now in its unusual activity, and requests for information from prospective visitors, and all trains are stopping at Daytona.

Truck gardeners say they are even now experiencing a January demand for their vegetables, indicating their increased consumption, locally.

A few have been aware and alive to the fact that the season is in advance of former ones, and now the general public is awakening to the encouraging situation and outlook. Probably never before in the history of this city have so many bookings been made for cottages and for rooms as at this time, and each incoming train helps to emphasize the substantialness of the encouraging outlook.

Let 'em come on. Daytona's oranges are growing sweeter day by day, the pines tastier, the guavas more odoriferous, the oysters are fatter, the breezes will continue to be balmy, the skies blue, the sun glorious.

The Daytona hotels are the most inviting, comfortable, well appointed, the festive boards are groaning with a varied and toothsome menu; the cottages are spick and span; merchants are splendidly stocked with everything a discriminating public could ask, and at most reasonable prices.

The incoming tide is decidedly on the increase, the welcome is vouchsafed. Wear your broadest smile, do your very best, and the season '08-9 will mark an epoch of unprecedented prosperity for all.

WASHINGTON WILL NOT INTERFERE IN HAYTI.

American Government is Not Thinking of Intervening in African Republic.

[By United Press.] WASHINGTON, Dec. 3.—There is no intention on the part of the United States government to intervene with affairs in Hayti. The deposition of former President Nord Alexis and the establishment of the new provisional government are regarded by officials of the State department as a purely internal affair and that outsiders have no right to interfere.

The charge against American Minister Furness that he encouraged Nord Alexis to resist to the last, with the hope that a clash would come which would necessitate American intervention is regarded without foundation.

ALBANY, N. Y.

ALBANY, N. Y., Dec. 3.—Declaring that the time had come for the state to take possession and give proper medical treatment to tuberculosis patients, Homer Folger, secretary of the State Charities Association, brought the Annual Conference of Sanitary Officers to a close. Mr. Folger said nearly 8,000 persons, outside of New York city, die in the state each year from the white plague.

EASTERN STAR NOW IN THE RUNNING.

Five Hundred Dollar Check Credited to This Popular Order in Piano Contest.

THIS IS GOING SOME.

The Piano Contest assumes new interest when S. H. Gove steps up to the Gruber-Morris cash desk and hands out a check over his signature, good in this town, for five hundred "simoleons."

Such proceedings smack of plunging, and when it became known that 50,000 votes were to be credited up to the Live Oak Chapter No. 1, Order of Eastern Star it fairly took the breath of those in the running.

While a little stunning for the moment it is only a temporary matter, and it is promised that announcements shortly to be made will discount the big hand played by the popular architect and builder and it is tipped off that they will go him one better.

The Daytona High School are believed to have something up their sleeve; they are wearing a self-satisfied smile at least, and if they have nothing sensational to spring, they are playing a huge bluff.

The northern blizzard ought to bring down a plentiful supply of wild ducks.

HUNDREDS OF LIVES ARE CLAIMED BY TYPHOON

Estimated 300 to 400 Fishermen Drown Near Tokio By Sinking of Boats.

[By United Press.] TOKIO, Dec. 3.—Between 300 and 400 Japanese fishermen are today believed to have lost their lives by the sinking of a number of small fishing boats in yesterday's typhoon.

At a meeting of the Trustees of the Daytona Public School held Wednesday night, the following action was taken:

The Trustees will meet on Wednesday, December 23, 1908—for the purpose of receiving and considering any plans and specifications for the proposed new school building, which anyone may desire to submit, in competition with the tentative plans now under consideration.

NOW COME ON, EVERYBODY; GET BUSY.

Summer's Past, 'Lecton's Over. Panic's Over, It's Time For a Long, Strong Pull

AND RESULTS WILL FOLLOW.

The time is opportune, ripe, now for everybody to shake off his lethargy and get down to solid business. The tourists are coming in force and all is not in readiness.

Look about you and see what can be done to improve, to beautify and make attractive to the visitor the things you control. What about those broken palmetto fans which have fallen in your yard, those bunches of Spanish moss lying in a clump near your front entrance, those scraps of paper which have been dropped on your parkage, and so on through the list.

It is activity that brings happiness, work that wings the hour, quickens the heart beat and makes you self-respecting and satisfied; inactivity brings sluggishness, illness and finally death. Work strengthens the mind as well as the body, tunes the voice, brightens the eye, quickens the pulse and buoy the soul.

In doing more one is more, expanded into larger, happier life, and is rewarded in proportion to the effort. Work is the antithesis of death, and since it is universally conceded that activity and good deeds for others are the concomitants of health and happiness why not brighten up and brace up for this glad season opening so auspiciously? Drop that scowl, shake off that grouch, forget your nerves, cultivate your resiliency and tone down your vocal cords.

BOND TRUSTEES PAY \$3000 FOR LANDS

Select a Tract On South Side of Magnolia Avenue, Across F. E. C. Railway.

THREE ACRES NOW SECURED.

Initial proceedings taken by the Bond Trustees in the purchase of land for a waterworks plant; and so the project of waterworks and fire protection begins to crystallize into definite shape.

This is welcome intelligence to the hundreds who own valuable city property and are paying almost prohibitive insurance calls with clock-like regularity.

To those who have their entire earthly holdings here this first important move on the part of the Bond Trustees is most welcome intelligence.

The purchase comprises three acres, lying on the south side of Magnolia avenue and adjoining and west of the right-of-way of the Florida East Coast railway. The purchase was made through the Dayton Real Estate Agency.

After canvassing carefully the available territory the trustees decided upon the tract on Magnolia avenue, paying \$1,000 per acre, or a total of \$3,000 for the tract.

OPEN CLASH BETWEEN FRANZ JOSEF AND NEPHEW

Aged Monarch Desires to Bring Illustrious Reign to Peaceful Close Without Revolt

[By United Press.] VIENNA, (Via Frontier) Dec. 3.—An open clash seems inevitable between Emperor Franz Josef and Franz Ferdinand, his warlike nephew, over the policy to be pursued in the Balkan dispute.

According to the expressions of diplomats today Ferdinand's plans are to seize the entire Balkan territory; but the aged monarch is trying to bring his illustrious reign to a peaceful close, and consequently is opposing Ferdinand's policy. The territory is almost in open revolt.

The Congress will be asked to go on record favoring State laws taxing coal tonnage, each State to provide a fund for relief and pensions to victims of mine accidents.

Misses Keating and Spaulding were the gracious hostesses, and quite young enough to be in perfect sympathy with the little men and ladies.

THE JUDGE AND THE VIRAGO

An Ancient Jest of Which There Are
Many Modern Versions.

The following tale was translated
from a very old Chinese book for Col-
umb's Weekly.
A certain magistrate upon opening
his court observed one of his litigants
whose face was covered with wounds
and asked him what was the matter.
Explained the fellow, "Yesterday evening
I was reclining and enjoying the fresh
air under my grape arbor, which was
suddenly upset by a gust of wind and
fell on me and caused these injuries."

But the judge was skeptical and
said: "That is too thin. It is easy to
see that the marks on your face are
from scratches from nails. It must be
that you have had a row with your
wife and got a clawing from her. Is
this not so?"

The litigant crimsoned all over and re-
plied, "Your honor has truly guessed
it."

Then said the judge: "Why is your
wife so fierce as this? Wait till I sum-
mon her and give her a beating and
you your revenge."
While he was yet speaking the judge's
own wife suddenly came out from the
house and fervently said, "Who is this
you are going to beat?"

The magistrate hastily announced to
the litigant and his wife: "This
court stands adjourned. Disperse in-
stantly. It seems as though the court's
grape arbor is about to collapse!"

MAKING SWEET NOT.
